## Newsletter, April 2009

- **Message from our Chapter President**
- **Coming Events**

### This month's contributors:

**Michel Moreau**  
**Ross Holden**  
**Jacques Genest**  
**John Wyman**

**Notice of Meeting:**  
**Thursday, April 30, 2009**  
**at 7:30 PM**

**Note: This month we return, at long last, to Room 204 of the Penfield Building!**

**Topics:**  
**Doug Remoundos will talk about his Kitfox project and "Flying into uncontrolled airports" and possibly a 20-minute talk about "Preparing for the Annual Inspection" by Frank Hofmann. A full evening!**

**Location:**  
**Room P204**  
**Penfield Building**  
**John Abbott College**  
**Ste. Anne de Bellevue**

**A word from our Chapter President...****Michel Moreau**

Mes amis,

I apologize for the late publication of this issue of the Newsletter. I was away for over two weeks this month and then time flew by..

After much representation to the John Abbot College we finally got back room P-204 (amphitheatre) for our meetings. My argument to the administration was that the other room was too small on many occasions for the size of our group. Well, I don't know if the group has adapted to the size of the room but the last couple of times the attendance was very low. On Thursday we are going to inaugurate this brand new facility. I would like to be able to demonstrate to John Abbott administration that I have not lied. Please make an effort to show up. Bring a friend or two, or your companion. There will be no more broken seats. A state of the art projection room!

On the menu Thursday we have Doug Remoundos presenting the progress on his Kitfox (nearly there) and talking about procedures in uncontrolled airports. Frank Hofmann may also be there for a short talk on "preparing for the annual inspection". A three flavours meeting: building, maintaining and flying safely...

Spring has settled, in fact some days it feels like summer, and flying activities resumed for many. Watch for migratory birds and don't forget to verify your tie-down.

There are often strong bursts of wind at this time the year, as this was the case last month in St-Lazare and a Challenger was turned over, and more recently in Rockliffe apparently.

Fly safely.

MM

Cover shot: Geese in all configurations of flight on the St Lawrence a month ago, south of Valleyfield. There are still some flying around. Keep an eye for those magnificent birds.

**Bob Haverstock****submitted by Ross Holden**

Bob Haverstock was a member of the Chapter until the last year or so. He passed away April 7, 2009. He flew F86's in the Royal Canadian Air Force. May he rest in peace.

**Coming Events**

**May 2 - 3, 2009:** [Canadian Aviation Expo](#), Hamilton Munro International Airport, Ontario

**May 30-31, 2009:** AAA SportAir Workshop is offering an "Electrical Systems, Wiring and Avionics, 101" weekend workshop. AAA SportAir Workshop has an agreement to conduct this workshop in Quebec. This two-day workshop will assist you in installing your entire electrical system. You will do wiring projects to practice new skills. Definitions of electrical terms are discussed along with information on choosing the proper wire size, how to route wire and circuit protection. Installation of avionics and antennas is thoroughly covered.

The first workshop will be held in French on May 30-31, 2009. We have a few places left! EAA Valid Member Cost \$300 CDN, others are \$350 CDN. If demand appears, it will be held in English. Registration and information is done through M. Jacques Genest at home, (South shore): 450-447-9042 or cell: 514-862-9113.

**Contact Us!**

<http://eaa266.org>

**June 14, 2009:** [100th anniversary](#) of powered flight in Canada at St. Lazare Airport. John Wyman had this to add: The St. Lazare Flying Club members request that anyone from EAA266 is welcome to come and help out with our event (contact Michel Moreau for details and positions). We REALLY NEED members from both clubs to help out with numerous duties, including "set-up" on Saturday, June 13th and "tear-down" on June 14th. We especially need help in running the kitchen on the morning and afternoon of the 14th - this being one of the more demanding areas in running a fly-in breakfast/lunch - something we've done now for well over 20 years at St. Lazare.

**June 27-28, 2009:** [Les Faucheurs de Marguerites](#), Sherbrooke, Québec

**July 27- August 2, 2009:** [EAA Airventure](#), Oshkosh, Wisconsin

**August 8- 16, 2009:** [International Balloon Festival](#), Saint-Jean-sur-Richelieu, Québec

**August 29- 30, 2009:** [Classic Air Rallye](#) at Rockcliffe Airport, Ottawa, Ontario
