A word from our Chapter President...**Michel Moreau**

Chers amis,

After my call for volunteers at the last meeting we were swamped by requests for Chapter Directors positions...just kidding!

The new slate of Directors that we will present next week is..exactly the same as last year. We all signed-up for another year.

This is not to say that it is too late to join-in. The challenge for us is to decide what program may interest our members and then organize the evening/activity. We spend a lot of time scratching our heads. This why new heads are welcomed, for more scratching!

I said "new heads" not necessarily "young heads"..

This month Joseph Galliker who, two years ago, narrated his adventure crossing the North Atlantic in a Piper Arrow, will be back to talk to us about a Cirrus which did not make it along the same route and crashed off Greenland: Investigation into an aircraft accident. It should be very interesting and educational.

As a complement, depending on his availability, Doug will talk about Operations at uncontrolled airports: Rules to remember.

We will have our traditional Christmas supper at "Le Corail" on Thursday, December 11 at 18:30. Please bring your partners.

Happy building and flying!

Michel

Wally Robinson**Michel Moreau**

We found out recently that long time member Wally Robinson had passed away in May.

Wally had been our coffee and donuts man for many years. Due to his failing health he had stopped coming to our meetings a couple of years ago.

Wally was a radio repair technician by trade, a radio amateur and he loved aviation. Years ago he had acquired a damaged Ercoupe which he fixed and flew with his son Ken.

Wally leaves a wife and five children to whom we are addressing our deepest sympathy.
